## Mountain Ash

(SORBUS AUCUPARIA)

A very attractive hardy tree for lawns. It grows about 30 feet high and is especially admired for its clusters of orange-scarlet berries from July until Winter. Birds like the fruit. These are beautiful specimens which were transplanted an extra time and have developed into heavy, shapely trees.

# Hybrid Blueberries

These new, cultivated Blueberries have been so improved that they produce wonderfully large, plump, tender fruits of delicious flavor. It is essential that they be planted in groups of more than one variety in order to insure cross pollination.

Besides producing this superb fruit, these plants are ornamental at all times of the year. They are suitable to include in a shrub border, growing about 6 feet or more high and their Fall coloration is brilliant.

Blueberries require an acid soil containing an abundance of vegetative matter, like peat, moderate soil moisture and good drainage. Plant about 4 feet apart. Blueberries require pruning to maintain large-sized fruits.

**We offer the following varieties of fruiting age:**  
**Strong, transplanted, 3 yr. plants at \$2.25 each, 3 for \$6.00**

**McDonald**

**Hybrid Blueberries**

## BLUEBERRIES (Continued)—Listed in Order of Ripening

- ✓ **Cabot.** Early. Large fruits of excellent quality, slightly acid; plants are lower and more spreading than other kinds.
- ✓ **Rancocas.** Large light blue, firm and attractive; fruits ripen after Cabot.
- ✓ **Concord.** Large berries borne in Grape-like clusters. Fine in flavor and appearance. Midseason.
- ✓ **Rubel.** An excellent and dependable yielder. Plants are tall, vigorous, productive. The standard late variety.
- ✓ **Jersey.** Large berries which keep well. Late. Plants vigorous and upright.

## ASPARAGUS

**Mary Washington.** Rust-resistant. Recognized as the leading variety. Asparagus will grow in any garden soil but to produce the largest, most tender stalks the soil must be rich and well fertilized. Set plants so that crowns are about 3 in. (not deeper) below the surface in trenches 1 ft. deep. Plant about 18 in. apart. Plant in April. Strong 2 yr. roots, 25 for \$1.50, 50 for \$2.50, 100 for \$4.00.

## RHUBARB

**Myatt's Victoria.** The stalks are unusually tender and bright pink in the early Spring. The flavor is pleasantly tart. You will hardly recognize the old-fashioned "Pie Plant" in this delightfully improved form. 35c. each, 10 for \$3.00.

**McDonald.** Considered the finest of the new red Rhubarbs. Excellent quality and flavor, less tart than older kinds. Hardy, of Canadian origin and quick to grow. 75c. each.

# Please Read Before Ordering

**Non-Warranty**—(1) If any nursery stock shall prove untrue to the label under which it is sold, provided notice and proper proof thereof are furnished by the purchaser to the seller, the seller shall, at the option of the purchaser either refill that portion of the order, which was mislabeled, by any other delivery of stock, or refund the purchase price; but in any case, we are not to be held responsible for a sum greater than the original selling price of such stock. (2) All sales or agreements of sale are made subject to shortage of nursery stock, fire, frost, floods, drought, or other causes beyond the control of the seller.

**Terms**—Net Cash. We will ship orders C.O.D. providing 25% of the total amount is sent with order.

**Transportation Conditions**—All goods, unless otherwise specified are sold F.O.B. our nursery and travel at purchaser's risk and expense.

**Size of Orders**—Owing to high costs incident to packing and handling, we cannot accept orders amounting to less than \$1.00.

**Plants by Mail**—Small orders can be sent by mail, but they will not be sent prepaid unless you add to your remittance 10% of the catalog price to cover postage and special packing. (Minimum charge, 12c.)

**Order Early**—Order immediately, if possible. Late orders are subject to the hazards of being handled in a rush. Moreover, some varieties or sizes may be sold out, causing disappointment.

**Claims**—If there are any claims, they must be made on receipt of goods. Any error of ours will be promptly and satisfactorily adjusted. Claims made after 10 days from receipt of goods cannot be considered. We ship only best grades of stock and use great care in packing. Due to conditions beyond our control, growth of plants cannot be guaranteed.

**Inspection**—Our nurseries are regularly and thoroughly inspected by the Connecticut Experiment Station and found apparently free from injurious insects and diseases.

**Location**—We are located on the east side of the Boston Post Road, Route 5, 3 miles south of Meriden, 2 miles north of Wallingford, Conn.
